* The basic measurement unit for calculation of obligations for the study program is a credit point (ECTS). The sum is calculated in a way that the tuition fee for the year is divided by 60. One academic year lasts (per definition) 12 months and includes 60 ECTS points. For students without status, one exam attempt of diploma thesis is calculated in a way that the value of the ECTS point from Part 4 of the price list is multiplied with the number of ECTS points

** This price list can change with the resolution of the Management Board of Alma Mater before the beginning of the enrolment procedure

¹ Includes seminars/lab work, clinical exercises and two attempts at exam.

² Implementation of the subject is calculated in a way that the tuition fee for 1 year is divided by 60 (ECTS) and multiplied with the number of ECTS points for that particular subject.

³ In the case of enrollment on Alma Mater, the amount paid, is refunded or deducted from the tuition fees.
